RUIZ, JOSE R., see NewMyer, David A.

SCHULTZ, ALBERT, "Morris Air: A Successful Startup," 87.

SCHULTZ, ERIKA, see Schultz, Albert.

Guidelines for Manuscript Submission

Instructions to Authors

Authors wishing to submit original manuscripts for consideration should send two double-space paper copies and one electronic copy on an IBM compatible three and one-half inch diskette to the following address:

Aviation Institute/JATWW
University of Nebraska at Omaha
Allwine Hall 422
6001 Dodge Street
Omaha, NE 68182-0508
U.S.A.

Format: All papers must be written in the English language. Use a 12 point font and allow for a 1" margin on all sides. Double-space all material including quotations, the abstract, notes, and references. All figures and tables should be on a separate page at the end of the text. Include the figure name and filename on the bottom of the page. Please proofread all article submissions for punctuation, spelling, and format errors.

The cover page should include the title of the manuscript, the author's name(s), shipping and e-mail addresses, telephone number, and a short biographical statement summarizing the author's education and current affiliation. Please note the primary contact person. The second page should contain an abstract of the manuscript. The abstract should include a concise description of the contents of the paper, the research method used, and the results. Abstracts should generally be kept to about 100 words.

Figures and Tables: Figures and tables should appear at the end of the paper with each item on a separate page. Indicate in the text the approximate location where each figure and table should be placed. Figures, tables, and the text should each be saved as separate files. Do not embed tables and figures in the text files. Include the appropriate file name at the bottom of the page for each figure and table. Figures and tables must be camera-ready, printed in black ink only and must fit within a 4 inch by 7 inch area.

Reference Style: Due to the international participation, rigid referencing style criteria are not mandated. Acceptable reference styles of the author's country will apply. For the U.S.A., the most recent edition of the *American Psychological Association (APA) Manual of Style* is preferred. Ensure all references are cited and all citations are referenced.

Review Process: A rigorous double-blind review will be conducted by the JATWW Panel of Reviewers. Additionally, a member of the Editorial Board

will conduct a third review. If revisions are necessary, the editor will determine when a revised manuscript is in compliance with reviewer recommendations. Authors must make revisions to original documents and resubmit them to *JATWW* on disk in Word or Word Perfect format. All revisions must be completed within two weeks after return to the author. Manuscripts must be original, not previously published, nor under consideration for another journal while undergoing review by the *JATWW*.

Copyrights: Copyrights are retained by the authors and the *JATWW*. Permission to duplicate and distribute for educational purposes at no charge is granted.

Additional Information: Additional information is available on the *JATWW* web site or by contacting the *JATWW* directly.

Guidelines for Book Reviews

Books chosen for review by the *Journal of Air Transportation World Wide* will focus on areas of interest to its readership. These subjects include topics related to aviation and/or space transportation, both technical and non-technical. An article should be written in a concise and sufficiently non-technical language to be intelligible to both aeronautics generalists and to specialists in other fields.

Individuals wishing to nominate a book for review or who are interested in reviewing books for *JATWW* should notify the assistant editor at the below address. Also, authors or publishers wishing to have a book considered for assessment should send a review copy to this address:

Aviation Institute
University of Nebraska at Omaha
6001 Dodge Street
Omaha, NE 68182-0508 U.S.A.

E-mail other correspondence concerning reviews to journal@unomaha.edu

Review criteria and format information for book reviews are available at the *JATWW* web site: <http://cid.unomaha.edu/~jatww>. Please consider this information prior to submitting a book review.
