John Myers
Interim Director
Center for Transportation Infrastructure and Safety
Missouri S&T

Dear Dr. Myers:

This is to let you know that we have completed our NCHRP 12-75 project entitled "**DESIGN OF FRP SYSTEMS FOR STRENGTHENING CONCRETE GIRDERS IN SHEAR**" and submitted the final report on June 7, 2010. The report is undergoing final editorial revisions and the Program Officer informed that it will be published by the end of December 2010. Once the NCHRP Report is officially published, I will send you the NUTC required report. It is ready but waiting for approval from the main funding agency.

Thank you for your understanding.

Sincerely Yours,

A handwritten signature in black ink, appearing to read 'Abdelarbi'.
